## Competency Report for General Roles

**CANDIDATE:** JAYNE BRIGHT

**REPORT GENERATED:** 22/06/2021

**SENSITIVITY:** HIGH

# Introduction

**Jayne Bright** completed the Personality Questionnaire on **22/06/2021**. To get the most from this report, it should be used in conjunction with her Personality Personal Premium Report.

The questionnaire asked Jayne to describe her behaviour, preferences and approach in relation to different aspects of her life. This report has summarised Jayne's responses against a core competency (behaviour) framework and compared with the responses of other professionals who have completed the Personality Questionnaire.

When considering this report's description of Jayne's preference in relation to these competencies, it is important to recognise that this report is based only on the responses she gave in the Personality Questionnaire. These results are not an indication of her ability to perform the **16** competencies, but rather an indication of her preference for behaving in relation to each one. Nevertheless, this report should give some important insight into different aspects of Jayne's behaviour at work.

In the Competency Profile Charts on the following pages, a **preference** of:

8, 9 or 10 indicate stronger preferences in relation to Jayne's behaviour at work

4, 5, 6 or 7 indicates Jayne's preferences in these areas as the same as most other professionals

1, 2 or 3 indicates that these are Jayne's least preferred behaviours at work.

It is worth noting that psychological assessments are always approximations, and not precise indicators. Because of this, you should use your own judgement as you review the results in this report. This report should give you some useful pointers about Jayne's preferred style of working, but the results must be viewed in the context of what you already know about her.

The contents of this report are likely to be a reasonable description of Jayne's behaviour and personality for about 18 to 24 months, depending upon her work role and personal circumstances.
